

新緑明るく、花火と誇る西宮昭和記念公園 市立川市 昭島市
2014.4.29(火・昭和の日)

山下ようこが撮影した写真のい

A close-up photograph showing a dense cluster of green, serrated leaves, possibly from a tree or shrub. The leaves are bright green and have distinct serrations along their edges.

A wide-angle photograph of a field of small, colorful flowers, likely poppies, scattered across a green, grassy landscape. The flowers are in various stages of bloom, with colors ranging from white and yellow to orange and red. The perspective is from a low angle, looking across the field.

Figure 1. A photograph showing the ground surface covered with fallen leaves and debris, with a small green plant growing in the center.

THE CROWN OF LIFE

A close-up photograph of a small, delicate flower with a light blue petals and a prominent yellow center. The flower is surrounded by green, blade-like leaves.

A photograph of a large, mature bonsai tree, likely a Japanese Juniper (Shohin), with a thick, gnarled trunk and dense green foliage. The tree is potted in a rectangular, dark-colored container and is positioned on a wooden surface. In the background, there is a bamboo fence and other trees under a clear sky.

ここからは甘甘らぎと手

A close-up view of a cluster of tulips, showing a variety of colors including orange, yellow, pink, and purple.

A close-up photograph showing several young corn plants in their early stages of growth. The plants have long, narrow, green leaves that are slightly curved. They are growing in a dark, moist soil. The perspective is from a low angle, looking directly at the plants.

A close-up photograph of several dark purple tulip flowers in a garden setting. The flowers are in various stages of bloom, with some fully open and others still in bud. The leaves are long and green, and the background shows more of the garden.
